Stand up against bullying

Have you ever been bullied? Many students have been bullied. A **bully** is someone **who tries to hurt others**. Bullies think it makes them feel better to do hurtful things. This is not true. When you bully someone you do not feel better.

Sometimes people who bully think they are cool. Sometimes bullies are angry with themselves or have problems at home. No matter why a person bullies another, it is **never** okay!

Victim of Bullying

A bully may call other people names. They may hit someone or take their personal belongings. The person a bully does this to is called a **victim** of bullying.

Bullying can happen **anywhere**. It can happen at school, at home, at the park, in the neighborhood, or even on the internet.

Bullies try to hurt people that are different than them. They may be a different color, size, or have a disability. It is **okay to be different**. Being different does **not** give anyone a reason to treat you mean.

What should you do if you see someone else who is being bullied? First, **find an adult** and **report** what you have seen. Then, you should **be a friend** and **ask the bully to stop**. Remember, it is **not** okay to be a bully!

No one should be or deserves to be bullied. Do not let others bully you. **Tell the bully to stop. Walk away** from the bully. Find and **tell an adult**. Share your feelings with a friend, a teacher, a parent, or someone you trust. **Make a plan** in case you are bullied again.
